

Be all that you can be

Finance Project and process manager

Hoist Finance is looking for a driven and skilled Project and process manager to strengthen our Finance team in Stockholm.

Hoist Finance is a trusted debt restructuring partner to international banks. In plain language this means that we purchase consumer bank loans that are not being repaid. In doing so, we free up resources and reduce risk for our partners, the banks, contributing to a stable financial system. We also support our customers, the debtors, in becoming debt-free through what we call amicable settlements. Our aim is to find a realistic payment plan in an open and respectful dialog with the customer, so they can get back on their feet with dignity.

Hoist Finance employees are driven by a common purpose – to develop and foster long-term relationships built on mutual trust. With high ethical standards, compliance with the financial regulatory framework, and behaviour based on transparency and respect, we ensure that we earn the trust of our stakeholders every day.

If these are things that make your heart beat a little faster, then maybe Hoist Finance is the place for you.

The role

As a Project and process manager you will be part of the accounting team of the Swedish parent company. You will be working closely together with Head of Accounting and have a project role wide range of responsibilities.
